Introduction

A-Plant is part of FTSE 100 Ashtead Group plc, supplying plant, equipment and specialist services/solutions into the nuclear, infrastructure, industrial, construction and events markets. You can see more on all of our 18 specialist businesses [here](#).

Services

A-Plant has 196 service centres across the UK and the team can arrange for any of our fleet to be available to support you, whether you are working locally or nationally.

We have four key sites based locally at:

- Whitehaven - plant, tools, groundwork, power generation, powered access, survey, low level access and welding.
- Egremont - FLG Services (specialist lifting)
- Carlisle – plant, tools, groundcare, pumps, low level access, lighting, traffic management
- Penrith – accommodation & welfare. Please note this is an operational depot and not open to customers, for any queries please contact enquiries@aplant.com.

A-Plant is passionate about employing local people and also has a number of apprenticeships available each year – please check www.aplant.com/careers to see our current vacancies.

To hire equipment please contact enquiries@aplant.com or call the Whitehaven team direct on 01946 64613. To discuss how we can support you on local projects please contact stuartconway@aplant.com. To find out how we can collaborate to create social impact please email jackiecuthbert@aplant.com.
