## Introduction

Specialising in Aerial Filming & Photography, Adamedia is a new dynamic videography company based in West Cumbria. The team combines a long established connection in nuclear with videography experience in the corporate and hospitality events sectors. Intelligent use of a UAV Aerial Platform opens up new horizons for business promotion.

Our aim is to bring a responsive high quality service to Cumbria and Britain's Energy Coast businesses, working with clients to deliver cost effective solutions. These include Aerial Filming & Photography, Videography & Professional Editing. We are also interested in collaborating with other cluster members to create a stronger business proposition.

Results speak more than words - so we encourage you to view our showreels here:

- [Adamedia Promotional Showreel](#)
- [Study of St Bees Lighthouse and surrounding area](#)
