ENERGUS.

Introduction

Energus is a contemporary, conference, training, and events venue situated in West Cumbria. Offering inspiring and flexible spaces with comprehensive business support and state of the art training facilities.

Residential partners based at Energus include Gen2 Training, University of Cumbria and the nucleargraduates programme.

Services

Events

Energus has an extensive range of facilities, and can cater for conferences, exhibitions, evening dinners, party nights, film nights, weddings, and school proms. Energus has the capability to provide a full corporate hospitality service, ensuring all delegates attending your event are catered for with the highest quality food and service. Our Events Team provide a professional service to help you to create and manage your event. For more information please contact [Faye Temple](#) on 01900 609165.

nucleargraduates

nucleargraduates is a two year graduate training and development programme, delivered by Energus on behalf of the NDA. nucleargraduates is sponsored by various organisations within the nuclear industry such as Sellafield Ltd, Rolls-Royce, ONR & Jacobs. nucleargraduates is different to other graduate programmes as it offers a unique opportunity for graduates to gain expert industry knowledge and awareness over three difference secondments. This experience includes commercial awareness, business skills, international placements and the opportunity to work as a STEM ambassador. The graduate then returns to their sponsoring organisation to take up a substantive role and continue their chartership journey. For more information please contact [Adrienne Easterbrook](#) on 01900 605665 or [Kathryn Walker](#) on 01900 609169.

Business Administration Scheme

Energus offers a fully managed Business Administration Scheme. We arrange the process from start to finish; attracting, recruiting, managing applications, arranging interviews and monitoring the apprentice's progress. Energus employ the apprentice until the end of their apprenticeship. For more information please contact [Samantha Scott](#) (HR Officer) on 01900 609174.
