Capabilities

In June 2019 Time to Change opened the **Women Out West Centre (WOW)** which is a pioneering Centre just for women in West Cumbria serving the whole of Allerdale and Copeland. We have clear vision and mission which is to provide services designed by West Cumbrian Women for West Cumbrian Women to empower them to reach their full potential. Services

Calderwood House can provide tea and coffee to you in two ways: either by our coffee van to your workforce or event at a specific location, or through deliveries of our unique blend direct to you for you to enjoy at your leisure.

Women Out West (WOW) have a range of services just for women and will be launching our full programme on Monday 4th of November. For further information please see our website or contact us via any of our social media platforms below:

We're here looking for:

Building and maintaining relationships with our valuable private sector partners who enable us to continue our mission to end poverty and homelessness in west Cumbria. As a community Interest Company we are looking new ways to work with organisations from the private sector. This could be by donating time or resources and does not have to be financial form.
