## Introduction

Woodward Safety Health and Environment Ltd is a family led SME based at Energus in Workington, who specialise in the delivery of Health, Safety, Construction, Fire and Environmental training courses which are accredited by NEBOSH, IOSH and Highfield (HABC). We also design and deliver bespoke training courses which are tailored to meet our clients' specific training needs.

## Capabilities

"We believe people should be safe at work"

Woodward has been trying to make this simple statement a reality since we were founded by Tom (snr) way back in 1992. We are not about selling certificates or ticking boxes. We are a caring family firm who want to give all our course delegates the skills and knowledge to keep themselves, their colleagues, customers, contractors and others safe in the workplace.

We deliver a range of open / public training courses at our course venues in Energus, Carlisle and Catterick. We also deliver in-house training courses for a variety of companies across the UK, and as part of that we design and deliver bespoke training courses which are tailored to meet our clients' specific training needs.

Woodward are the only Gold rated NEBOSH Learning Partner in Cumbria, which we were awarded for greatly exceeding the expected levels of best practice in the provision of course tuition and support.

We are very proud to have recently won the 8th LINC with Sellafield Ltd challenge to provide them with NEBOSH training courses. We have experience of working with local, national and international companies of all shapes and sizes.

## Services

We specialise in the delivery of Health, Safety, Construction, Fire and Environmental classroom based training courses, which are accredited by NEBOSH, IOSH and Highfield (HABC).

Our most popular courses currently are:

- [IOSH Managing Occupational Health and Wellbeing \[1 day\] Course](#)
- [IOSH Working Safely \[1 day\] Course](#)
- [IOSH Health and Safety for Supervisors \[2 day\] Course](#)
- [IOSH Managing Safely \[3 day or 4 day\] Course](#)
- [IOSH Managing Safely Refresher \[1 day\] Course](#)
- [NEBOSH National General Certificate In Occupational Safety And Health \[12 day\] Course](#)
- [NEBOSH National Certificate in Construction Safety and Health \[ 5 day "bolt on"\] Course](#)
- [NEBOSH Fire Safety and Risk Management Certificate \[5 day "bolt on"\] Course](#)

- [NEBOSH National Certificate in Environmental Management \[5 day\] Course](#)
- [NEBOSH National Diploma in Occupational Health and Safety \[41 day\] Course](#)
- [NEBOSH HSE Certificate in Health and Safety Leadership Excellence \[1 day\] Course](#)

We can also design, deliver [and even have third party accredited] bespoke training courses which are tailored to meet a clients specific training needs. Courses we have designed and accredited in the past include a series of specialist 1 day window cleaning courses for the Federation of Window Cleaners, a Health and Safety for Schools (2 day) course for Cumbria County Council and our own unique [IOSH Health and Safety for Supervisors \[2 day\] Course](#).

## **We're here looking for:**

Woodward Safety Health and Environment Ltd joined the cluster in 2019 when we relocated from Carlisle to Energus in Workington. We are looking to build new relationships with companies across Cumbria and beyond.

We're keen to demonstrate that you don't need to travel to London or Birmingham to find excellent NEBOSH, IOSH and Highfield (HABC) training course provision. It's available right here in Cumbria.

We'd love the chance to explore opportunities to work together.
